A/C Power Kit (1ACKF2DRK)

EXCEPTIONAL VALUE FROM CURTIS

Features	Benefits
Patent pending dynamic load control system/software	Manages vehicle power with minimal draw
Low-profile unit is integrated into the custom replacement roof	Stylish look. Integrated unit and control panel reduce installation time
Overhead console features lighted on/off switch, 3-speed blower control, 4 adjustable air vents	All controls are located within easy reach. Console does not interfere with optional factory accessories
System is pre-charged with refrigerant – no complicated initial set up	Fast, easy installation in about 2 hours

Exterior Unit

- A Cover removes easily for access to internal components such as fuses
- B Air vents draw fresh air up through the condenser
- C Fully self-contained refrigeration components
