FOR TWO-ROW KUBOTA RTV-X CREW, RTV-X1140, & RTV-X1130 DIESEL VEHICLES

SKU: 1KX1140MHD | SHIPPING WEIGHT: 80 LB.

EXCEPTIONAL VALUE FROM CURTIS

- 1 For use around the jobsite, campus, and farm
- 2 Shields operators from debris while encouraging them to keep legs inside the vehicle, which is a requirement for many rental and construction jobsites
- 3 Designed using a durable, powder-coated assembly

FEATURES

BENEFITS

Doors install using existing mounting locations and easy adapters

Quick and seamless installation without cutting or drilling

Design allows users to switch between single- and two-row configurations

Provides versatility while eliminating the need to remove the doors

Robust door-latching system and wide-angle door openings

Keeps operators secure while allowing easy egress

KEEPING YOU COMFORTABLE SINCE 1968
