

# AIR CONDITIONING FOR KUBOTA™ BX SERIES

**Air Conditioning fits Kubota BX Models 2370-1, 2380, 2670-1 & 2680**

## AN INDUSTRY FIRST!

Curtis has added the ultimate in comfort with integrated cab air conditioning in a self-contained, roof-mounted unit designed for small compact and sub-compact tractors.

## EXCEPTIONAL VALUE FROM CURTIS

FEATURES	BENEFITS
Patent-pending dynamic load control software	Efficiently manages vehicle power with minimal draw allowing operation on smaller vehicles with lower horsepower
Stylish, low-profile design is integrated into roof and sits lower than ROPS	Minimal height above cab allows enough clearance to park in most standard garages
Overhead console features 3-speed fan, 4 adjustable louvers and lighted on/off switch	Open/close or rotate louvers to adjust air flow throughout the cab
Simple and easy installation in 2 hours	The system comes pre-charged with refrigerant - no complicated initial set up

# AIR CONDITIONING FOR KUBOTA™ BX SERIES

Remove cover for easy access to internal components such as fuses

Air vents draw fresh air up through the condenser

Fully self-contained refrigeration components

Low-profile unit sits below ROPS

Kubota BX2670-1 with Curtis Air Conditioning

Enhancing our Customers' Comfort and Productivity Every Day
