START WITH AN ARTILLIAN FORK FRAME

THEN ADD A GRAPPLE & RAKE MODULAR SYSTEM

° Modular design. Sectional components.

Customize your Artillian Pallet Fork Frames with any combination of Artillian grapples, rakes or plow. Ideal balance between capacity and strength.

60" HYDRAULIC PLOW

System allows for quick switching between fork frame/plow & bucket.

Plow Kit Includes:

- Steel Moldboard Assembly
- 1/4 Inch Steel Cutting Edge
- A-Frame Assembly
- Mounting Frame
- Plow Trip Frame
- 2 Hydraulic Cylinders
- Hydraulic Hose Assembly
- A-Frame Pinch Guard
- Cross-Over Relief Valve Block

PALLET FORK TINES

Strong and lightweight. Patented modular design optimizes payload lifting capacity.

- 36" X 3" STANDARD TAPER
- 42" X 3" STANDARD TAPER
- 42" X 4" STANDARD TAPER
- 42" X 4" FULL TAPER
- 48" X 4" STANDARD TAPER

FRONT HOE BUCKET

Fits all Artillian Pallet Fork Frames built after model year 2010

These buckets can do many of the jobs of a rear backhoe for a fraction of the cost.

Uses include digging, planting, trenching, excavating, hauling objects (such as boulders), grading, rooting and scouring, among many others.

It can also be flipped upside down for back dragging and back filling.
