

# Curtis Air Conditioning For Yamaha Drive/Drive 2 Gas & Electric Vehicles

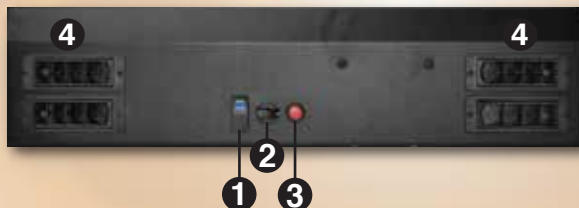

Curtis Climate Control & Cab  
(PN: 1ACUNIT-G2)  
on the Yamaha® Drive

Air Conditioner

### Exterior Unit

- A** Cover removes easily for access to internal components such as fuses
- B** Air vents draw fresh air up through the condenser
- C** Fully self-contained refrigeration components

### Overhead Console

- 1** Lighted on/off switch
- 2** 3-speed blower control
- 3** Boost button
- 4** 4 adjustable vents

### Features

### Benefits

Patent pending dynamic load control system allows both Heat & A/C options	Year round comfort system manages vehicle power with minimal draw
Low-profile A/C unit is integrated into the Aluminum replacement roof	Stylish look. Ample clearance
Overhead console features lighted on/off switch, 3-speed blower control, 4 adjustable air vents and boost button	All controls are located within easy reach. Console does not interfere with optional factory accessories
Available for Key Start, Pedal Start & 48V Electric Vehicles	Regardless of your vehicle type, Curtis can keep you cool
System is pre-charged with refrigerant – no complicated initial set up	Fast, easy installation in about 2 hours

Dual Dash Mounted Heating Units

\* System works with Curtis & other select cabs – See your local dealer for more info
