- 1** Lighted on/off switch
- 2** 3-speed blower control
- 3** Boost button
- 4** 4 adjustable vents

Features

Benefits

Dynamic load control system allows both Heat & A/C options	Year round comfort system manages vehicle power with minimal draw
Low-profile A/C unit is integrated into the Aluminum replacement roof	Stylish look. Ample clearance
Overhead console features lighted on/off switch, 3-speed blower control, 4 adjustable air vents and boost button	All controls are located within easy reach. Console does not interfere with optional factory accessories
Available for 48V Electric Vehicles	Curtis can keep you cool
System is pre-charged with refrigerant – no complicated initial set up	Fast, easy installation in about 2 hours

Dual Dash Mounted Heating Units

* System works with Curtis & other select cabs – See your local dealer for more info
