## PREMIUM CAB FOR KUBOTA L SERIES

Fits Kubota models L3301 & L3901 Compact Tractors

Commercial-grade enclosure, powder-coated 16-gauge steel frame, roof and doors. Front wiper included

# **PREMIUM AC CAB FOR KUBOTA ZD1211**

Fits Kubota Model ZD1211 with 60" or 72" side discharge mower decks (2016+ model years)

Real air conditioning for the Kubota ZD1211 offers users the ultimate operator comfort with protection from the sun, heat, rain, dust, and insects.

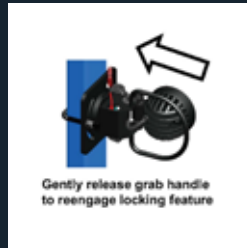

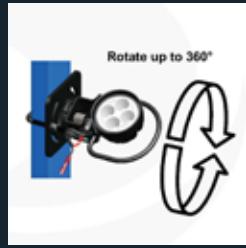

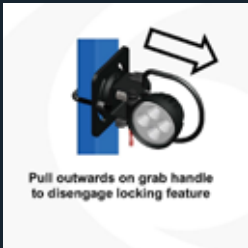

- Hard-coated, tinted, scratch-resistant polycarbonate windshield & doors
- Effortless entry with large, rear-hinged, lockable side doors that may be quickly removed
- Automotive-style A/C, fully charged, mechanically driven compressor
- Air Conditioned Operator Enclosure
- Fully Assembled Drop-On Cab
- Lightweight aluminum construction
- Weather tight, full perimeter sealing
- Easy fuel tank access

# ROPS-MOUNT DIRECTIONAL WORK LIGHTS

Elite directional LED work light kit. Innovative design allows each light to freely rotate around its horizontal axis. Rocker switch on each light allows them to operate independently.

Directional work lights adjust left, right, forward, or rearward- whatever suits your needs. All without tools!

Two Kits Available:

- Round ROPS Kit
- Square & Rectangular ROPS kits

Sold in pairs

Remove the canopy in seconds for easy trailering or to maneuver around low obstacles

- Versatile
- Lightweight Aluminum
- Reversible
- Universal Fit
- Available in Black, White, Gray, Green, Orange, Red

## ADVANTAGE SERIES UNIVERSAL CANOPY

Mount/Pivot assembly mounts to vehicle ROPS in minutes. Lightweight canopy features integrated handles with quick-release latch for easy removal. Turn the canopy to the rear-facing position for shade while operating the backhoe.

CURTIS

# PREMIUM A/C CAB FOR KUBOTA ZD1211

**Fits Kubota Model ZD1211 with 60" or 72" mower decks (2016+ model years)**

Real air conditioning offers users the ultimate in operator comfort with protection from the sun, heat, rain, dust, and insects.

- Overhead console features multi-speed fan control & four 360° adjustable louvers
- System efficiently manages vehicle electrical power with minimal draw

- Lightweight Aluminum frame

## A/C FOR KUBOTA F-SERIES MOWERS

**Fits Kubota Model F3990**

Real air conditioning for the Kubota F3990 model offers users the ultimate in operator comfort with protection from the sun, heat, rain, dust and insects.

**NEW FROM**

# ARTILLIAN<sup>®</sup>

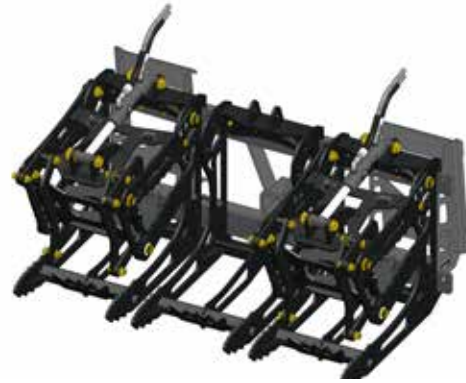

TRACTOR

A Division of Curtis Industries

## Iron Fist Grip Grapple

Mechanical linkages collapse the upper jaw during closing such that objects of varying sizes can be pulled into the jaws and gripped firmly between the segments of the upper jaw, like a fist. Allows operators to pick up, grip, & haul brush, branches, logs, rocks, and other forms of debris. Modular design with lower jaw assembly(s) and one or more upper jaw clamping assemblies.

## 16" & 24" Front-Hoe/Stump Buckets

Uses include digging, planting, trenching, excavating, hauling objects (such as boulders), grading, rooting and scouring, among many others. It can also be flipped upside down for back dragging and back filling. These buckets can do many of the jobs of a rear backhoe for a fraction of the cost.

## Cascade and Bolzoni Fork Tines

Hammer-forged ITC class II fixed fork tines.

**Strong yet lightweight!**

Patented modular design optimizes payload lifting capacity. Select the forks for your application to optimize lifting capacity. Tines are available in full and standard taper styles. Locking pins and lubricious frame coating let you easily adjust fork on the frame. Adjust from 10" to 40". Lift the pin and slide to the desired location. Artillian frames have notches every 3".

Empower your Tractor, UTV, or Mower with

# The Artillian System

## START WITH AN ARTILLIAN FORK FRAME, THEN ADD A GRAPPLE, RAKE, & MORE!

Modular design. Sectional Components. Remove without tools. Customize your Artillian Pallet Form Frame with any combination of Artillian Attachments! **Best strength to weight ratio of any pallet fork frames on the market today.**

Optimized for sub-compact and compact tractors. 3000 Lb. Skid Steer Quick Attach Pallet Fork Frame  
Frame weight 99 lbs.

### Grapple

Each Grapple Section can provide up to 1020 lbs. of clamping force at the tips.

Iron Fist Grapple 120lbs. | Original 90lbs.

### Rake

Can be used as a ground rake, digging tool, rock bucket, brush hauler, excavator/tiller, etc.

Iron Fist Rake 45lbs. | Original Rake 40lbs.

### Diverter kits

Kubota LA340 Diverter Kit  
Kubota LA434 Diverter Kit  
Kubota LA534 Diverter Kit

### 60" & 72" Hydraulic Plows

System allows for quick switching between fork frame/plow & bucket.

60" Plow 210lbs.  
72" Plow 225lbs.

### Pallet Fork Tines

36" X 3" Standard Taper  
42" X 3" Standard Taper  
42" X 4" Standard Taper  
42" X 4" Full Taper  
48" X 4" Standard Taper

### Stump / Front-Hoe Bucket

Uses include digging, excavating, planting, trenching, hauling objects, grading, rooting & scouring, + more.

9X16" Bucket 63lbs. | 9X24" 68lbs.

**For Ultimate Enhancement:**

# The Artillian ROPS-Mount Tool Bar & Bar Mount Attachments

Mounting brackets allow the bar to stay parallel to the ground no matter what angle a given ROPS structure has in either direction.

The tool bar is the key component. Fits ROPS profile dimensions of 2.75" X 3"

## ROPS-Mount Tool Bar 42", 54", & 68"

Mounting brackets allow the bar to stay parallel to the ground no matter what angle a given ROPS structure has in either direction.

## Quick Release Upgrade Kit

Features mounting pins that allow you to easily lift the tool bar off for access to the backhoe and 3-point hitch attachments.

## Wall Mount Tool Bar, 42", 54", & 68"

The same great features of the ROPS-Mount & Bed-Mount tool bars, but mounts to a flat wall instead of a tractor or UTV.

# Artillian ROPS Bar-Mount Attachments

Simple and versatile- choose any combination of attachments. Cam lever latches built directly into each Artillian component allows you to mount, move or remove attachments in seconds!

*Mix and Match your perfect combination*

## Tool Box, Large

Includes internal tool tray.  
Water-tight seal.

Rated at 60 lbs.

## Tool Box, Medium

Includes internal tool tray.  
Water-tight seal.

Rated at 30 lbs.

## Open Top Tool Basket

Open top basket for carrying tools, chains, pins, etc. Grab handles make for convenient carrying, installation, and removal from tractor.

## Fuel Can & Maul Holder

Accommodates fuel and oil cans of different sizes and shapes. Hanger for securing a maul or sledge hammer; space for tree cutting wedges.

## Bungee Net, 15"

15-inch square cargo net made of black elastic cord. Flexible stretch net has 6 coated hooks to reduce scratching.

## Beverage Cooler Holder

Holds various cooler sizes and orientations securely in place and allows for quick removal on the go. Two built in cup holders included.

## 4 Long-Handled Tool Rack

Holds up to 4, long handle tools. Mounts horizontally or vertically with cam latches. No tools required.

## "Scabbard" Style Chainsaw Mount

Holds chainsaws with bar lengths over 14" and widths under 4-1/2" across the teeth. 10-gauge steel with high-strength polyethylene contact areas.

## 5-Gallon Bucket Holder

The bucket is a handy way to collect yard debris and trash you find when mowing and landscaping.
